

FOUR-STROKE

CASTROL TRIZONE TECHNOLOGY:

Your bike's performance depends on the ability of 3 critical zones within your bike - The engine, clutch and gearbox to synchronize and operate efficiently as one. All Castrol 4-stroke oils are specifically designed and tested to work and provide superior protection to these critical moving parts. The Castrol TriZone advantage.

- Max Power and protection
- TriZone Technology™ - one oil for everything
- RS Formulation - improves clutch power transfer

POWER RS R4

- Increases horsepower!
- Designed for the serious racer.
- Full synthetic 4-stroke motorcycle engine oil.
- Unique anti-friction, low viscosity formula.
- Faster and crisper throttle response.
- Superior engine and gearbox protection against wear.
- Faster gear changes.
- Quicker starts when cold.

POWER RS GPS

- Lowers operating temperature!
- Synthetic based 4-stroke motorcycle engine oil.
- Extreme protection at high temperatures.
- Protection against thermal and mechanical brake down.
- Excellent oil consumption control.
- Superior high speed engine protection which extends engine life.

VL#	Description & Size	Retail
57-4782	5W-40 R4 1L	\$11.23

57-4772	20W-50 1L	\$7.54

ACT>EVO4 X-TRA

- Affordable synthetic blend!
- Prevents dry starts.
- Premium 4-stroke motorcycle engine oil.
- Continuous protection of engine and transmission.
- Protects against harmful engine deposits.
- Good oil consumption control.
- Good gear and wet clutch performance.

VL#	Description & Size	Retail
57-4702	10W-30 1L	\$5.71
57-4712	10W-40 1L	\$5.71
57-4713	10W-40 4L	\$21.55
57-4718	10W-40 55GAL	\$889.86
57-4742	20W-40 1L	\$5.71
57-4732	20W-50 1L	\$5.71
57-4733	20W-50 4L	\$21.55
57-4738	20W-50 55GAL	\$889.86

ACT>EVO X-TRA OFFROAD

- Premium 4-stroke mineral ATV.
- Ensures easy and reliable starting under a wide range of extreme weather conditions.
- SAE 10W-40 / 20W-50.
- Exceeds API SG.
- Exceeds JASO MA.

Part #s	VL#	Description & Size	Retail
	57-4650	10W-40 1L	\$5.71
	57-4655	20W-50 1L	\$5.71

V-TWIN

POWER RS V-TWIN

- Synthetic based.
- Extreme protection at high temperatures.
- Protection against thermal and mechanical brake down.
- Excellent oil consumption control.
- Suitable for all makes of North American V-Twin motorcycles.

Part #s	VL#	Description & Size	Retail
	57-6942	20W-40 1L	\$11.23
	57-6930	20W-50 1L	\$11.23

ACT>EVO V-TWIN

- Premium 4-stroke motorcycle engines.
- Protection against wear under long trips and short commuting stop/start conditions.
- Good oil consumption control.
- Continuous protection of engine and transmission.

Part #s	VL#	Description & Size	Retail
	57-6920	20W-50 1L	\$6.30
	57-6862	20W-50 55GAL	\$741.71

FOUR CYCLE

A747

- Recommended by HRC!
- High viscosity, low ash racing oil.
- Specially developed for use in road racing and Motocross/Supercross 2-Stroke conditions.
- Special additive to prevent throttle slide sticking in all weather.

Part #s	VL#	Description & Size	Retail
	57-2812	A747 1L	\$22.81

POWER RS TTS

- Used by team Chevy Trucks and team Spitfire ProCircuit!
- Full synthetic.
- Extreme protection even at max rpm.
- Protection against ring sticking and engine seizure.
- Smokeless exhaust.

Part #s	VL#	Description & Size	Retail
	57-2721	TTS 1/2L	\$7.33
	57-2723	TTS 4L	\$45.75

CHEMICALS
& LUBES

ACT>EVO 2

- Premium quality synthetic blend motorcycle oil.
- Outstanding piston deposit control under stop/start conditions.
- Outstanding protection in severe start-stop conditions.
- Extends spark plug life.
- Visibly reduces exhaust smoke.
- Designed for both oil injected and premix lubrication up to a fuel/oil ratio of 50:1.

Part #s	VL#	Description & Size	Retail
	57-8115	Snowmobile 2T 1L	\$6.19

CASTROL DISPLAY RACK

- Full Color, 5 shelf custom display
- Provides professional image that maximizes sale
- Can hold up to 120 1L bottles
- FREE with qualifying purchase
- Call for details!!

Part #s	VL#	Description
	57-9900	DISPLAY RACK

ACT>EVO X-TRA Snow

- Contains corrosion inhibitors to protect bearing surfaces, piston rings, and cylinder walls under cold, wet, and storage conditions.
- Excellent under severe cold weather conditions and under high operating temperatures.
- Helps prevent ring sticking, exhaust port blockage & spark plug fouling.
- Low ash detergent additive helps prevent the formation of hard carbon, varnish, and lacquer on high temperature locations in the engine.

Part #s	VL#	Description & Size	Retail
	57-8115	Snowmobile 2T 1L	\$6.19

MTX TRANSMISSION FLUID

- Protection of clutch plate system.
- Easier and faster gear changing.
- SAE 10W/40.

Part #s	VL#	Description & Size	Retail
	57-8105	10w-40 1L	\$6.54

MTX SYNTHETIC TRANSMISSION FLUID

- Premium quality synthetic based gearbox oil for 2-stroke engines.
- Exceptional film strength for extended transmission life.
- SAE 80W.

Part #s	VL#	Description & Size	Retail
	57-8110	Synthetic 1L	\$10.09

SRF RACING BRAKE FLUID

- Exceptionally high wet and dry boiling point.
- Wet boiling point 518° F (270° C).
- Dry boiling point 590° F (310° C).
- Superior anti-vapor lock properties.
- Suitable for all non-mineral systems.
- Exclusive Castrol technology.
- Meets and exceeds DOT 3 & 4.

Part #s	VL#	Description & Size	Retail
	57-8160	SRF 1L	\$6.54

GTLMA DOT 3/4 BRAKE FLUID

- Exceeds DOT 3 and DOT 4 requirements.
- Unique Low Moisture Activity (LMA) formulation provides maximum protection against vapor lock brake failure.
- Maintains a higher boiling point than conventional brake fluids.
- Superior protection against chloride and zinc corrosion of braking system parts.

Part #s	VL#	Description & Size	Retail
	57-8150	DOT3/4 12oz	\$3.64
	57-8152	DOT 3/4 1QT	\$9.10

CHAIN WAX

- Advanced synthetic-based chain lubricant.
- Dries to highly adhesive film that resists water wash-off and is anti-filing.
- Unique non-tacky formulation does not attract road dirt, thus extending chain life.

Part #s	VL#	Description & Size	Retail
	57-8130	Chain Wax 12.8 fl.oz	\$8.37

METAL PARTS CLEANER

- Fast, precise, water-free cleaning of motorcycle engine parts.
- Broad spray pattern.
- Specially designed to remove oil and grease from a variety of surfaces, including brake discs, carburetors, spark plugs, electrical switches and metallic surfaces.
- Quick to dry / no residue.

Part #s	VL#	Description & Size	Retail
	57-8146	parts clnr 26 fl.oz	\$6.19
