

TWO-STROKE

A747

- Recommended by HRC!
- High viscosity, low ash racing oil.
- Specially developed for use in road racing and Motocross/Supercross 2-Stroke conditions.
- Special additive to prevent throttle slide sticking in all weather.

Part #	Description&Size	Retail
57-2812	A747 1L	\$22.83

ACT>EVO 2

- Premium quality synthetic blend motorcycle oil.
- Outstanding piston deposit control under stop/start conditions.
- Outstanding protection in severe start/stop conditions.
- Extends spark plug life.
- Visibly reduces exhaust smoke.
- Designed for both oil injected and premix lubrication up to a fuel/oil ratio of 50:1.

Part #	Description&Size	Retail
57-2711	Actevo 2-Cycle 1/2L	\$3.63

SNOWMOBILE OIL

- Contains corrosion inhibitors to protect bearing surfaces, piston rings and cylinder walls under cold, wet and storage conditions.
- Excellent under severe cold weather conditions and under high operating temperatures.
- Helps prevent ring sticking, exhaust port blockage and spark plug fouling.
- Low ash detergent additive helps prevent the formation of hard carbon, varnish and lacquer on high temperature locations in the engine.

Part #	Description&Size	Retail
57-8115	Snowmobile 2STRK 32OZ	\$4.15
57-8120	Snowmobile 2STK 4L(GAL)	\$17.53

CHAIN WAX

- Advanced synthetic-based chain lubricant.
- Dries to highly adhesive film that resists water wash-off and is anti-fling.
- Unique non-tacky formulation does not attract road dirt, thus extending chain life.

Part #	Description&Size	Retail
57-8130	Chain Wax 12.8fl oz	\$7.25

TTS

- Used by team Chevy Trucks and team Spitfire Procircuit!
- Full synthetic.
- Extreme protection even at max rpm.
- Protection against ring sticking and engine seizure.
- Smokeless exhaust.

Part #	Description&Size	Retail
57-2721	TTS Full Syn 1/2L	\$6.75

FOAM FILTER OIL

- Allows clear breathing and top filter performance.
- Designed for the use with all types of foam or fabric filters.
- Excellent air filtration performance and prevention of dirt ingestion in severe operating conditions.

FOAM FILTER CLEANER

- Safe, fast, effective filter cleaner.
- For foam or fabric filters.
- Quickly loosens and separates trapped dirt.

Part #	Description&Size	Retail
57-8140	Foam Filter oil 1L	\$9.00
57-8135	Foam Filter Cleaner 2L	\$16.28

OUTBOARD OIL

- Offers improved protection against piston deposits and ring sticking over a wide range of fuel quality.
- Ideally suited for oil injected and pre-mix systems.
- For use at fuel/oil mixing ratios of up to 100:1.
- High quality, ashless, 2-cycle lubricant helps minimize spark plug fouling and carbon deposit build-up in exhaust ports.
- Excellent low temperature fluidity.
- Excellent low aquatic toxicity characteristic.

Part #	Description&Size	Retail
57-8125	Outbrd TC-W3 32OZ	\$4.40

CONTACT CLEANER

- Fast, precise, water-free cleaning of motorcycle engine parts.
- Broad spray pattern.
- Specially designed to remove oil and grease from a variety of surfaces, including brake discs, carburetors, spark plugs, electrical switches and metallic surfaces.
- Quick to dry / no residue.

Part #	Description&Size	Retail
57-8146	Metal Parts Cleaner 26 FL OZ	\$6.27
