Mean Mother Drag Pipes

If you want to bring out the true beast in your Softail, put on some Mean Mothers. We're takin' 2" stacked pipes with a nasty offset exit, double walled construction that resists bluing and a throaty growl that makes eardrums run for cover.

- Select Models are available in SuperPak Performance Kits
- Optional slash cut and 180 degree rotatable, turn down end caps
- Stepped stainless steel internal head pipes, for tuned flow & durability
- Complete with stock End Caps. Chrome, double walled Drag Pipes.
- Optional End Caps sold separately. See page 371.

3" Internal Disc Series

For traditional style and sound backed with cutting-edge technology, SuperTrapp's 3" Internal Disc Series leads the pack. No matter which configuration you choose, you'll take your bike's "cool" quotient to a whole new level.

- Classic Staggered Duals to fit most Evolution and Twin Cam models. All utilize stock mounting & heatshields.
- Slip-on mufflers for FL touring models. Available with either Tapered, Fishtail or adjustable Turndown/Turnout end caps.
- 2:1 mufflers for FL touring models. Available with either Tapered, Fishtail or adjustable Turndown/Turnout end caps.
- Interchangeable end caps available for all configurations, see page 371.

2:1 System

SLIP-ON

4" Megaphone External Disc Series

The Country's top Harley engine builders agree: If true performance is what you're after, you'll want the SuperTrapp 4" Megaphone Series. The classic 4" external Megaphone is the signature pipe of the SuperTrapp line. The tunable 4" disc system is the bad boy that provides the best overall power. The 2:2 version packs a punch all its own. It delivers the traditional "throaty" rumble and provides more mid to top-end range.

- Provides 8-10% horsepower gains
- Optional open end caps for closed course competition available
- Completely rebuildable core and packing to simplify maintenance
