

INTAKE

## Boyesen FACTORY POWER VALVE COVERS

- Investment cast aluminum is strong, lightweight and durable, providing years of outstanding protection.
- Super tough Powder Coated Finish resists weathering, wear and tear.
- Individually surfaced to insure perfect fit.
- Asbestos-free gasket is bound with nitrile for a tight, leak-free seal.

### BOYESEN MX & ATV SHOKOUT GRIP SYSTEM & ACCESSORIES

The Shokout Grip system allows the grip to rotate slightly forward and backward with rider selected dampening. This reduces wrist strain, hand blistering, arm pump, and fatigue.

Offroad Grip System

- Decreases micro-trauma and strains
- Reduces arm pump and vibration
- 3 sets of Mix and match color-coded dampers provide soft, medium, or firm rotational resistance.
- Customize the action to suit your riding style
- Uses Scott Hurricane grips
- Shokout Pro includes billet aluminum Throttle Tube

ATV Grip System

Improved lever reach for reduced thumb fatigue & cramping

Note: Offroad version of Shokout System allows rotation of left grip only.

### EXHAUST FLANGE

INCREASE LOW END POWER AND RESPONSE

New Flow-Fit exhaust flange matches exhaust port shape to enhance pressure pulse energy in the exhaust pipe for SUPER CHARGED throttle response.
