

KENDA's latest line of MX and ATV Tires with all new designs combine race-winning high performance and great value. With their now proven Carlsbad, Millville, Budds Creek Washougal, Southwick, & new Parker DT tires, Kenda has the winning off-road line up in popular sizing to fit your customers needs. MX magazine test riders have been quoted as saying, "Anyone but a top-level Pro racer would be hard pressed to tell the difference between a new Kenda and other tires costing much more."

K770 SOUTHWICK SOFT TERRAIN

- Designed for sand/mud conditions
- Front and rear patterns offer tall knob depths for deep bite
- Large radius supports at knob base reduces roll over in soft areas with hard base
- Wide space between rows self clean treads even at slow paces
- **NEW** tread compound to support tall knobs, allow for increased wear/durability and also offers quick warm-up on cement start pads
- **NEW** inside casing structure for improved sidewall stability at low pressure
