

# PRO SERIES WHEELSETS

## MODULAR

Racing a Honda today and a Yamaha next week? **Modular by design**, Excel's patent pending PRO SERIES BILLET HUB and WHEELSET ASSEMBLIES are the ultimate in next generation motocross racing wheels. Excel's Pro Series design features light-weight universal application billet aluminum hubs with interchangeable drive and brake carrier ring adapters for use on most of today's motocross machines. Complete front and rear wheelset packages average around **\$1150 retail**.

Protect your investment by using a system that can adapt to most new motocross machines by using the correct modular Carrier Ring Adapter Set.

Just pick the rim size, width, color and color of hub, plus the modular Carrier Ring Set and color for your application and you're ready for installation on your machine.

### PRO SERIES COMPLETE WHEELSETS

Universal Wheel Assemblies: Fully assembled rims including hub, spokes, nipples, bearings, seals & pins + free nipple tool.
