

The New Definition of Style:

SUOMY SPECTRE

The Suomy Spectre is an extremely lightweight package bursting with features and the most advanced technology sure to please the mid to high-end market segment:

Features:

- Aggressive Styling for greatest Visual Impact
- Ultra-light weight & 2 Shell sizes maximize fit and comfort
- Advanced EPS channels, Ram Air Duct, and a Fully Functional Exhaust Fin create a fully integrated venting system, allowing unprecedented airflow.
- Sound absorbing polymers create a quieter, more enjoyable ride
- Removable Washable 3D Cheek Pads and Comfort Liner with Ultralure, for ease of care and added comfort
- Veri-Flex Visor Peak will take significant deflection without damage to the visor or graphics
- Anti-slip goggle pads

Outstanding Advanced Technology make it the cutting edge in helmet production:

- Dynamically Variable Resistance Crush zone designed in the EPS liner
- S.E.C. (Structurally Enhanced Composite Fiber Weave)
- Hot-Cured bag molded construction

Race approved by every major US & International motorcycle race organization. DOT approved and Certified to BSI Type A: providing exacting quality controls and an unprecedented pre-public release batch testing of each production run.

Available in a number of stunning graphics and colors!
